### THANKSGIVING.

The President Names the Last Thursday in November as the Day.

It has been the custom of the people of the United States, on a day in each year especially a part of that purpose by the Chief Executive, to acknowledge the goodness and mercy of God, and to invoke His continued blessing on the nation.

In observance of such custom, I, Grover Cleveland, President of the United States, do hereby designate and set apart Thursday, the last day of November instant, to be observed and kept as a day of Thanksgiving and prayer.

On that day let all our people forget their accustomed employments, and assemble in their usual places of worship to give thanks to the Father of the universe for their continued enjoyment of the blessings of a free government, for a renewal of His mercies through our prayers, and for the future which we have been rewarded the labor of those who till the soil and for our progress as a people in all that makes a nation great.

And while we contemplate the infinite power and wisdom of God, and adore the various means by which the great Father of the universe has communicated His benediction to us, let us not forget the humblest of His creatures, the poor and needy, and let us all unite in prayer for the peace and prosperity of our country.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

At the city of Washington, this first day of November, in the year of our Lord, one thousand eight hundred and eighty-six, and of the independence of the United States of America the one hundred and tenth.

GROVER CLEVELAND.

By the President: T. F. BAYARD, Secretary of State.

The more the prohibitionists try to crush the republican roster, the louder he crows.

Mr. Morrison's bill was horizontal, and now Mr. Morrison himself is horizontal.

John, now Baker did run!

Mr. Blaine made twenty-five speeches in Pennsylvania. By the way, Pennsylvania went 49,000 republican.

The democrats will have only six members in the state senate—not enough to keep them from feeling lonesome among so many republicans.

Two administrations is not making a favorable impression upon the politics of the country. The defeat of so many democrats is not the kind of a response the administration expected.

The tangwumps are now inquiring if there is such a thing for them as probation after an election like that of the 2d.

They begin to feel as if there should be a state of probation after such things as these.

A good many democratic papers are now trying to explain why so many democratic defeats took place. No explanations are necessary. The people know what they were about on election day and no apology or explanation is needed.

There will be 58 republicans in the next assembly and only 35 democrats. The labor party elected seven members, the prohibitionists none. The result of the legislative ticket is a crushing blow to Colonel Vilas who fully expected to pack his grip in the postoffice department next March and march to the senate chamber.

California will have its Arbor Day on November 27. There will be tree planting on the Presidio reservation given for the purpose by General Howard.

Adolph Sutro will provide 40,000 trees, and 40,000 school children of San Francisco will plant one apiece. The people are going in for trees and they are determined to have them.

It is now certain that Mr. Carlisle has been re-elected to congress, his majority being in the neighborhood of 600 or 700. The country will have reason to be glad to hear of this result. Mr. Carlisle is one of the ablest men in congress and is a scholar and a gentleman, and, of course, is a more fitting representative in the national house than any man the labor agitators could elect be the republican or democrat.

It is really too bad that Mr. Blaine should be so much of a terror to the democrats. Says the New York Star, Democrat: "But there is one lesson from the situation the democracy especially needs to learn. They have in the person of James G. Blaine an active, implacable and audacious enemy. Mr. Blaine must no longer be permitted to conquer by division." But will the Star please rise and explain how Mr. Blaine will be prohibited from conquering by division, or by states?

The reelection of Governor Rusk, of Wisconsin, in the face of the most bitter opposition from the demagogues posing as the "friends of labor," is one of the results of the recent election in which the country as well as Wisconsin may congratulate itself. The overwhelming vote in his favor proves that the majority of the people prefer the reign of law and a man at the head of affairs who is not afraid to do his duty in an emergency.—Indianapolis Journal.

The above is true of the people of the state, but the city of Milwaukee cannot brag of its devotion to law and order, if the vote at the last election is to be taken as evidence.—Milwaukee Sentinel.

The South may be half way right in its conclusion, but then there is another side to the question. The republicans of that city are responsible for the election of a socialist to congress. They ought to have endorsed the nomination of John Black, and the city would then be delivered from the danger of electing an ignorant labor agitator to the house of representatives. Then again, when it became morally certain that the labor vote would be solid for the labor tickets, the democrats and republicans should have united and crushed the attempt to place the city in the hands of those who have sympathy with the anarchists.

### SOME STRANGE TACTICS.

The republican candidate for judge of the court of appeals in New York was Justice Daniels. He is a temperance man in every sense of the word, and has spoken and written much to secure practical temperance reform. The democratic candidate was Judge Poolman, who is not a temperance man, and who does not believe in placing too much restriction about the liquor traffic. While Justice Daniels, as the democratic papers of New York claim, is in sympathy with prohibition, yet the prohibitionists put up a candidate against him. Between the democrats and the liquor men, the following circular was issued and sent to all parts of the state:

THE WINE LIQUOR AND BEER DE LUXE ASSOCIATION OF NEW YORK.

NEW YORK, Oct. 25, 1886.

DEAR SIR: We have just learned that Judge Daniels, the republican candidate for judge of the court of appeals, if not a pronounced prohibitionist, at least sympathizes with that movement and is a total abstainer himself.

In view of the many questions which are arising affecting our property interests, which reach the tribunal of last resort for adjudication, it is important to us that a person prejudiced against us in a cause should not be elected as a member of the court.

We therefore urge upon you the propriety of supporting Judge Poolman's candidacy and to quietly and as unobtrusively as possible to secure his election.

In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

### HAVING A WILD TIME.

THE CLOSE RACE IN INDIANA CREATES GREAT EXCITEMENT.

Indianapolis Resounding with the Cry of "Fraud" Against Both Parties.—The United States Court and Two "Committees of One Hundred" Digging for Skulduggery.—Carlisle Elected—Other Returns.

INDIANAPOLIS, Ind., Nov. 6.—Friday was a day of intense excitement in political circles here, and charges of fraud have been made by and against both parties, the Republicans claiming that the Democrats had counted out legally elected candidates in this county, and the Democrats accusing the Republicans of setting up schemes to defeat proper returns from the close legislative district. This charge is based upon the fact that Col. W. W. Dudley arrived here Thursday night, and after he had been elected with a number of other republican lights the word was given out that the Republicans would have a majority of ten upon joint ballot. When Dudley was asked where this charge had been effected he replied that he was "not giving ammunition to the enemy." As soon as this claim became public it created a great furor of excitement among Democrats, and a half hour later 100 boys were scattering duds over the city, calling for a mass meeting of Democrats. A portion of the circular was as follows:

A part of the same gang of political pirates who engaged in the infamous scheme to steal the presidency in 1876, and in debauching the electors in 1884, are in the city headed by W. W. Dudley, the Republican candidate for governor, and are endeavoring to overthrow the will of the people and to steal the legislature, which all fair minded Republicans concede to be Democratic on joint ballot.

The meeting was held at 4 o'clock and resulted in the appointment of a committee of 100 to go to the counties mentioned and see that returns are made to the secretary of state in accordance with the result of the official count. The stake is a big one, being the election of a United States senator, and the control for four years of all the important institutions.

The local election board concluded its work at noon Friday, and when it became known that the changes in the Twenty-third ward had resulted in electing a Democratic candidate, the Republicans were beside themselves with rage. The honest men of both parties expressed a desire to investigate the affair to the bottom, and if fraud had been committed, to bring the perpetrators to justice. On the streets men were shouting and shouting, and the law enforcement officers were kept busy.

In the meantime the excitement was growing in all parts of the city, and a call was issued for a mass meeting, irrespective of party, at 7 o'clock on Friday night. At that time the court-room was crowded to suffocation, and speeches were made by a number of leading citizens. After a full discussion of the subject a committee of 100 citizens was appointed to superintend the investigation, and the law enforcement officers were kept busy.

Official returns from every county in the state show that Holston, Rep., has 3,947 plurality for lieutenant governor. The reports received do not give the total vote, but they include the Prohibition or National vote.

The legislature stands as follows: Senate, Republicans, 20; Democrats, 31; House, Republicans, 55; Democrats, 45. Total, Republicans, 75; Democrats, 76.

Minnesota All Mixed Up.

St. Paul, Minn., Nov. 6.—It is impossible to tell who will be the next governor of Minnesota. Reports come in slowly from outlying districts, and the contest is so close that the deepest interest is taken in every return. It is generally believed that McGill and the anti-republican ticket have been elected by a margin of 1,000 to 1,500 majority, but the returns so far show Democratic gains, and the eighteen counties from which only partial returns have been received may turn the scale in favor of Ames. The latter claims that he is elected by 1,500 majority, and insists that he will take the seat. Both parties are crying fraud and charging each other with ballot box stuffing and with doctored returns.

LATE.—At midnight, with official returns from sixty-five of the eighty counties and pretty complete returns from the rest, The Pioneer Press gives McGill's majority at 2,574. The Globe still claims the election of Ames, though not giving exact figures.

Keeping Up the George Boom.

New York, Nov. 6.—The Labor party leaders are hard at work trying to arrange for their George Union mass-meeting. They seem determined not to allow the enthusiasm of the men to evaporate. Telegrams have been received, the Labor men say, from all parts of the country, indicating that the movement has made a deep impression upon workmen. They intend to make their power felt at Albany this winter, and are determined to perfect a complete organization. Father McGlynn said Friday that he hoped to see the Labor party first in the field with Henry George for president, and that probably the Democratic party would endorse the nomination.

The Tenth Illinois.

Galesburg, Ill., Nov. 6.—Gen. Post and several leading Republicans left here Friday morning for Lawrence, where the Democrats are trying to throw out the returns of three precincts which the election judges neglected to certify to. On the same train Worthington and a number of Democratic lawyers from Lawrence made the same trip. Gen. Post is confident that the matter will be arranged in his favor. A hot fight is looked for, and the result is awaited here with feverish anxiety. The Democrats, in case this doesn't succeed, want to contest the student vote in this city. This vote was small and is estimated above 50, and was divided between the three candidates.

California Still Uncertain.

SAN FRANCISCO, Nov. 6.—Complete city and nearly complete state returns give Bartlett, Dem., for governor 302 plurality. His plurality in the city 2,882. If Swift, Rep., comes in strong from the districts to be won from the result will be so close that only the official count can decide the contest. The Democrats carry the first and second congressional districts and the Republicans the other four.

Latest Returns in Jersey.

TRENTON, N. J., Nov. 6.—The latest corrected returns indicate that the Democrats have a majority of 1 on joint ballot, exclusive of the Labor vote elected from the Passaic district.

PATERSON, N. J., Nov. 6.—The county board of canvassers Friday officially counted the votes and found the original tally in the Third assembly district, in which Bailey, Rep., and Carroll, Labor, each received 1,896 votes. If the tied candidates do not, within ten days, apply to the courts for a recount the governor must order new election in that district.

The Total Vote in New York.

ALBANY, N. Y., Nov. 6.—With the vote of fourteen counties estimated, the total vote of the state was about 350,000. The returns re-

ceived indicate that the vote on the proposition for a constitutional convention will fall short of the required 475,000 affirmative vote.

The Seventh Ohio.

CINCINNATI, Ohio, Nov. 6.—The full returns of the Seventh congressional district elect Campbell, Dem., by 3 majority. The Republicans will accept the count. The plurality of Robinson, Rep., for secretary of state, is about 12,000.

Settles Carlisle's Election.

CINCINNATI, Ky., Nov. 6.—The official count in the Sixth Kentucky district was completed Friday and results, Carlisle, 6,416; Thoburn, 5,551. Carlisle's majority, 765.

Expected a Recount to Elect Him.

LOWELL, Mass., Nov. 6.—Donovan, Dem., has called for a recount in the congressional district, and expects to wipe out Allen by a small plurality.

Democratic Delegate Elected.

SARASOTA, Fla., Nov. 6.—Anthony Joseph is elected to congress over Dwyer, Rep.

FROM THE EARTHQUAKE CENTER.

A Shake Along the Atlantic Coast—Panic in Charleston Schools.

CHARLESTON, S. C., Nov. 6.—During an earthquake shock which occurred here Friday at 12:30 o'clock, all the public schools were in session. At most of the white schools the pupils stood stock still, and at several of the colored schools quite a panic was caused. In the latter case, however, school, during the rush which ensued, for the door, three children were thrown down and trampled upon, and a little girl, who jumped out of the window, was seriously injured. Several more of the pupils were injured by falling plaster. None of the injured, however, were fatally hurt.

The disturbance was very severe at Summerville, and was sharply felt throughout the state. Some dramatic advice was given that it was also felt at South Carolina, and as far north as Lynchburg. At Savannah there was considerable excitement, and one or two of the public schools narrowly escaped.

The shock was variously estimated, at from thirty-five to forty-five seconds in duration. The direction of the wave was from south to north, and the motion was of a compound character, up and down and from side to side. Although there has been no interruption to business in consequence of the disturbance, there is a general feeling of nervousness, much more so than was the case during the shocks of two weeks ago.

Detroit Trembles.

DETROIT, Mich., Nov. 6.—At 11:29 a. m. Friday several distinct shocks of varying force were felt here.

RUSSIAN TACTICS IN BULGARIA.

How "Anarchy" Is Manufactured in Rumania's Interest.

SOVIA, Nov. 6.—Last Wednesday at midnight a party of Montenegrins, led by Capt. Nikolic, formerly of the Russian army, entered the prefecture of Bourgas, Rumania, seized the prefect and other town officers, and proclaimed Russian rule. The excitement in the town is intense, and the government, being informed of the situation, has sent troops to quell the disorder and restore the authority of the prefect. The people are anxiously awaiting the arrival of the troops before attacking the prefecture and dislodging the invaders. Capt. Nikolic's band consisted of the Russian cavalry, and the party are five adherents of Mr. Zankoff, who took part in the dethronement of Prince Alexander.

Capt. Nikolic was the ringleader of a conspiracy discovered during Prince Alexander's tour of Bulgaria last May, the object of which was to kill the prince and convey his body to Russia. The plot was revealed to M. Karavodoff by a Bulgarian, and the conspirators, including Capt. Nikolic, were arrested. The captain was only recently released from confinement.

German Capitalists Growing Restless.

BERLIN, Nov. 6.—Herr von Bleichroeder's recent visit to Vienna has given rise to numerous rumors on the Berlin bourse. The most persistent of these is that which credits Fritz Harnack with a desire to buy the Austrian bourse, and to use the proceeds to finance a loan which is threatened by the increasing fondness of German capitalists for foreign investments which yield a high rate of interest, but offer but scant security. Attention is called to the fact that Herr von Bleichroeder, who is the new Portuguese loan, which was rejected by the English bankers; the Argentine state loan; the Buenos Ayres loan, and others of like character. There is also an enormous quantity of Russian bonds in Germany. Herr von Bleichroeder's position as British consul, and his high standing in financial circles as a great banker gives reasonable color to these statements.

The Proposed Pan-American Exposition.

WASHINGTON CITY, Nov. 6.—At a meeting of the executive committee of the Pan-American exposition, held at Willard's hotel, Friday night, it was ordered that a convention of the board of promotion, including the members from the various states and territories, be called to meet in Washington on Tuesday, Dec. 7, for the purpose of deliberating upon a plan and presenting the same to congress. The board includes the governors of the states and territories, the mayors of all cities containing a population of 25,000 and upward, the presidents and secretaries of boards of trade throughout the United States, the presidents and secretaries of state agricultural societies and granges, and the vice regents of the Mount Vernon association of the union.

There'll Be No Contest in This Case.

NEW YORK, Nov. 6.—John Jacob Astor is ill of rheumatic gout, and his physicians fear a complication of this trouble with apoplexy, which is threatened, and the result of which would be serious. Mr. Astor four years ago secured the family succession of the bulk of the Astor estate, and avoided possible testamentary litigation by transferring to his son, William B. Astor, with all its income, and to his son, William Waldorf Astor, ex-minister to Italy.

Gladiators Charged with Misstatements.

LONDON, Nov. 6.—Lord Brougham, in a letter to the editor of Blackwood's Magazine, accuses Mr. Gladstone of making serious misstatements and perversion of Irish history which he has not the courage to defend nor the candor to withdraw.

Renew Her Youth.

Mrs. Phoebe Chaslay, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town. "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and lameness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50 cents, at Frank Sherer & Co's drugstore.

### A NEW LEASE OF LIFE.

When one has been suffering the agonies of a severe attack of rheumatism, neuralgia or sciatica, and relief comes, it seems as if a new lease of life had been granted. Such have been the feelings of thousands who, after trying physicians and numerous remedies, have used Atthophors and found to their great joy that this medicine did cure these diseases.

August 10th, 1886.

Louis Schmidt, harness maker at Water

ville, Wis., said to our correspondent:

"While I cannot say Atthophors has cured me of my rheumatism, it has been a great benefit and has relieved me very much. I have been subject to the rheumatism for the past six years; many times afflicted so that I could not work. I used Atthophors about three months ago, and experienced very quick relief. I was all about six bottles. Where did you first learn of this medicine was asked."

"It was recommended to me through Mr. Edwards' use, a farmer living about ten miles from here; he was much worse than me. Used only three bottles and was completely cured. I consider it the best medicine I ever used and expect to use more of it."

Stungs, Mich.

I have had an excellent cure for Atthophors from the time of the first introduction and in every case with most satisfactory results. I call to mind one case in particular of a young lady afflicted with rheumatism who had been treated by the best physicians unavailingly, but who obtained relief by using Atthophors upon my recommendation. I have a satisfaction in pronouncing it a specific for most cases of rheumatism and neuralgia.

H. L. ASHTON, Druggist.

Every druggist should keep Atthophors and Atthophors Pills, but where they are not bought of the druggist the Atthophors Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle for Atthophors and 50c for Pills.

For blood and nerve diseases, indigestion, weakness, nervous debility, disease of women, constipation, headache, neuralgia, sciatica, etc., Atthophors Pills are unequalled.
